About

ABM is a PLC that is in the business of making your dream homes come true by providing quality building products that make your house look beautiful, the way you want it to.

Having started trade in 2003, ABM has come a long way under the leadership of our visionary Managing Director, **Mr. RANJITH RATHOD**.

Besides our retail showroom, we also have a manufacturing unit set up in the industrial hub of Gujarat by the name of CERACON and a tie-up with CERALUX BUILDPRO for CERAWUD plywood.

ABM has only made it so far by remaining grounded on its foundation policy of customers' trust and service. And consequently, these two ensured customer satisfaction.

Business Policies

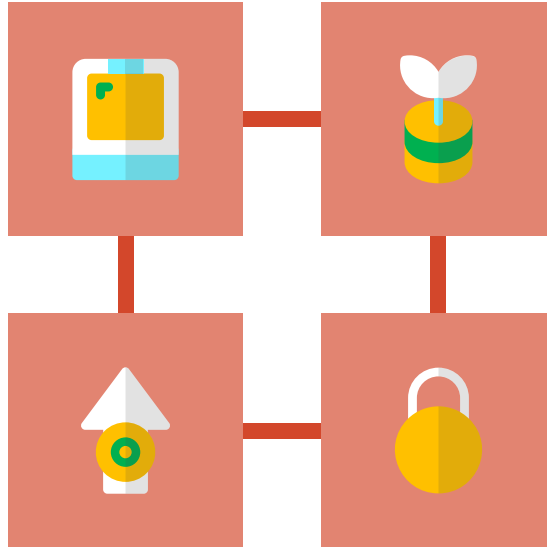

QUALITY

We'd rather sell a design of the better quality at a higher cost than sell a degraded lot that costs us less.

GROWTH-ORIENTED

ABM wants to grow rather than just earn. And growth is a collective goal with our allies.

RELIABILITY

"ABM is one of the most reliable businesses to work with" only because we honor our payments & promises.

COMMITMENT

Once a date has been committed, ABM looks forward to turning every stone to deliver on time.

“

It takes 20 years to build a reputation and 5 minutes to ruin it. If you think about that, you'll do things differently in business.

— WARREN BUFFET
